Warforged Resilience. You have advantage on saving throws against being poisoned, and you have resistance to poison damage. You are immune to disease. You don't need to eat, drink, or breathe. You don't need to sleep and don't suffer the effects of exhaustion due to lack of rest, and magic can't put you to sleep.

Sentry's Rest. When you take a long rest, you must spend at least six hours in an inactive, motionless state, rather than sleeping. In this state, you appear inert, but it doesn't render you unconscious, and you can see and hear as normal.

Integrated Protection. You can alter your body to enter different defensive modes each time you finish a long rest. Darkwood Core (13), Composite Plating (15), Heavy Plating (19)

Integrated Tool. A tool you're proficient with is integrated into your body, and you double your proficiency bonus for any ability checks you make with it. You must have your hands free to use this integrated tool.

Druidic. You can use it to leave hidden messages. You and others who know this language automatically spot such a message. Others spot the message's presence with a successful DC 15 Perception check but can't decipher it without magic.

Spellcasting. You can cast druid spells as rituals. You can prepare 10 spells from the druid spell list. You can use a druidic focus as your spellcasting focus.

Wild Shape (Action—2/Short Rest). You can magically assume the shape of a beast that you have seen before. You can stay in a beast shape for 3 hours. You then revert to your normal form unless you expend another use of this feature. You can revert to your normal form earlier by using a bonus action on your turn. You automatically revert if you fall unconscious, drop to 0 hit points, or die.

Natural Recovery (1/Long Rest). During a short rest, you choose expended spell slots to recover. The spell slots can have a combined level of 4, and none of the slots can be 6th level or higher.

Land's Stride. Moving through nonmagical difficult terrain costs you no extra movement. You can also pass through nonmagical plants without being slowed by them and without taking damage from them if they have thorns, spines, or a similar hazard. You have advantage on saving throws against plants that are magically created or manipulated to impede movement, such those created by the entangle spell.

I've been searching my whole life for the answer to a certain question.

When you attempt to learn or recall a piece of lore, if you do not know that information, you often know where and from whom you can obtain it. Usually, this information comes from a library, scriptorium, university, or a sage or other learned person or creature. Your DM might rule that the knowledge you seek is secreted away in an almost inaccessible place, or that it simply cannot be found. Unearthing the deepest secrets of the multiverse can require an adventure or even a whole campaign

QUEST ITEMS & TRINKETS

Mending

Transmutation Cantrip

CASTING TIME	1 minute
RANGE	Touch
DURATION	Instantaneous
COMPONENTS	V, S, M (two lodestones)

This spell repairs a single break or tear in an object you touch, such as a broken chain link, two halves of a broken key, a torn cloak, or a leaking wineskin. As long as the break or tear is no larger than 1 foot in any dimension, you mend it, leaving no trace of the former damage.

This spell can physically repair a magic item or construct, but the spell can't restore magic to such an object.

Bonus Cantrip (Druid)

Player's Handbook

Mold Earth

Transmutation Cantrip

CASTING TIME	1 action
RANGE	30 feet
DURATION	Instantaneous or 1 hour (see below)
COMPONENTS	S

You choose a portion of dirt or stone that you can see within range and that fits within a 5-foot cube. You manipulate it in one of the following ways.

- If you target an area of loose earth, you can instantaneously excavate it, move it along the ground, and deposit it up to 5 feet away. This movement doesn't have enough force to cause damage.
- You cause shapes, colors, or both to appear on the dirt or stone, spelling out words, creating images, or shaping patterns. The changes last for 1 hour.
- If the dirt or stone you target is on the ground, you cause it to become difficult terrain. Alternatively, you can cause the ground to become normal terrain if it is already difficult terrain. This change lasts for 1 hour.

If you cast this spell multiple times, you can have no more than two of its non-instantaneous effects active at a time, and you can dismiss such an effect as an action.

Shape Water

Transmutation Cantrip

CASTING TIME	1 action
RANGE	30 feet
DURATION	Instantaneous or 1 hour (see below)
COMPONENTS	S

You choose an area of water that you can see within range and that fits within a 5-foot cube. You manipulate it in one of the following ways:

- You instantaneously move or otherwise change the flow of the water as you direct, up to 5 feet in any direction. This movement doesn't have enough force to cause damage.
- You cause the water to form into simple shapes and animate at your direction. This change lasts for 1 hour.
- You change the water's color or opacity. The water must be changed in the same way throughout. This change lasts for 1 hour.
- You freeze the water, provided that there are no creatures in it. The water unfreezes in 1 hour.

If you cast this spell multiple times, you can have no more than two of its non-instantaneous effects active at a time, and you can dismiss such an effect as an action.

Princes of the Apocalypse

Shillelagh

Transmutation Cantrip

CASTING TIME	1 bonus action
RANGE	Touch
DURATION	1 minute
COMPONENTS	V, S, M (mistletoe, a shamrock leaf, and a club or quarterstaff)

The wood of a club or quarterstaff you are holding is imbued with nature's power. For the duration, you can use your spellcasting ability instead of Strength for the attack and damage rolls of melee attacks using that weapon, and the weapon's damage die becomes a d8. The weapon also becomes magical, if it isn't already. The spell ends if you cast it again or if you let go of the weapon.

Spellcasting (Druid)

Player's Handbook

Charm Person

1st-level enchantment

CASTING TIME	1 action
RANGE	30 feet
DURATION	1 hour
COMPONENTS	V, S

You attempt to charm a humanoid you can see within range. It must make a Wisdom saving throw, and does so with advantage if you or your companions are fighting it. If it fails the saving throw, it is charmed by you until the spell ends or until you or your companions do anything harmful to it. The charmed creature regards you as a friendly acquaintance. When the spell ends, the creature knows it was charmed by you.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, you can target one additional creature for each slot level above 1st. The creatures must be within 30 feet of each other when you target them.

Prepared (Druid)

Slippery Fingers

1st-level divination (combat)

CASTING TIME	1 bonus action
RANGE	30 feet
DURATION	Instantaneous
COMPONENTS	V, S

You set a series of small events in motion that cause the targeted creature to drop one nonmagical item of your choice that it's currently holding unless it makes a successful Charisma saving throw. This spell can't cause magic items to be dropped.

Prepared (Druid)

Deep Magic: Combat Divination

Amorphous Form

2nd-level transmutation

CASTING TIME	1 action
RANGE	Touch
DURATION	Concentration, up to 10 minutes
COMPONENTS	V, S

You touch a creature with at least 1 hit point, transforming it into a gray ooze. An unwilling creature can make a Wisdom saving throw to avoid the effect.

The transformation lasts for the duration, until the target drops to 0 Hit Points, or dies. The target's game Statistics, including mental Ability Scores, are replaced by the Statistics of a gray ooze. It retains its Alignment and personality.

The target assumes the Hit Points of its new form. When it reverts to its normal form, the creature returns to the number of Hit Points it had before it transformed. If it reverts as a result of dropping to 0 Hit Points, any excess damage carries over to its normal form. As long as the excess damage doesn't reduce the creature's normal form to 0 Hit Points, it isn't knocked unconscious. The creature is limited in the actions it can perform by the nature of its new form, and it can't speak, cast spells, or take any other action that requires hands or speech.

The target's gear melds into the new form. The creature can't activate, use, wield, or otherwise benefit from any of its equipment.

Prepared (Druid)

Grimlore's Grimoire

Mirror Image

2nd-level illusion

CASTING TIME	1 action
RANGE	Self
DURATION	1 minute
COMPONENTS	V, S

Three illusory duplicates of yourself appear in your space. Until the spell ends, the duplicates move with you and mimic your actions, shifting position so it's impossible to track which image is real. You can use your action to dismiss the illusory duplicates.

Each time a creature targets you with an attack during the spell's duration, roll a d20 to determine whether the attack instead targets one of your duplicates.

If you have three duplicates, you must roll a 6 or higher to change the attack's target to a duplicate. With two duplicates, you must roll an 8 or higher. With one duplicate, you must roll an 11 or higher.

A duplicate's AC equals 10 + your Dexterity modifier. If an attack hits a duplicate, the duplicate is destroyed. A duplicate can be destroyed only by an attack that hits it. It ignores all other damage and effects. The spell ends when all three duplicates are destroyed.

A creature is unaffected by this spell if it can't see, if it relies on senses other than sight, such as blindsight, or if it can perceive illusions as false, as with truesight.

CASTING TIME 1 action

RANGE Touch

DURATION Instantaneous

COMPONENTS V, S

With the turn of seasons, the cycle of life renews.

When you cast this spell, you touch an allied creature that you can see. The target surges with vital force, gaining 2d6 temporary hit points. These temporary hit points are lost whenever the target finishes a short or long rest. The target is also cured of the poisoned condition.

At Higher Levels. When you cast this spell using a slot of 3rd level or higher, the temporary hit points gained increases by 1d6 per slot level above 2nd.

Prepared (Druid)

The Compendium of Forgotten Secrets

Erupting Filth

3rd-level transmutation

CASTING TIME 1 action

RANGE 120 ft.

DURATION Instantaneous

COMPONENTS V, S, M (a piece of rotting flesh)

Choose a point you can see on the ground within range. This spell's transformative energies cause a fountain of rotting flesh and vegetable matter to erupt in a 20-foot cube centered on that point. Each creature in that area must make a Dexterity saving throw. A creature takes 3d12 necrotic damage on a failed save, or half as much damage on a successful one. Additionally, a creature which fails the saving throw automatically contracts sewer plague (see chapter 8, Diseases, DMG).

At Higher Levels. When you cast this spell using a spell slot of 4th level or higher, the damage increases by 1d12 for each slot level above 3rd.

Prepared (Druid)

The Great Dale

Frost Armor

3rd-level conjuration

CASTING TIME 1 action

RANGE Touch

DURATION Up to 1 minute

COMPONENTS V, S

You touch a willing creature, encasing them in a protective coating of ice. For the duration, they gain a +3 bonus to AC and become resistant to cold damage but suffer disadvantage on all Dexterity checks and saves for the duration. Every time they are hit by a melee weapon attack, their attacker takes 1d6 cold damage.

Additionally, each time they are successfully attacked, the protection provided by frost armor wanes, reducing its armor class bonus by 1. After the AC bonus provided by the armor is reduced to 0, the armor shatters and the spell ends.

Prepared (Druid)

Grimlore's Grimoire

Serpent's Bite

3rd-level transmutation

CASTING TIME 1 action

RANGE Self

DURATION Concentration, up to 1 minute

COMPONENTS V, S

Venom can be a method of execution far cleaner than the blade.

Massive, venomous fangs spring from your mouth. Make a melee spell attack against a target within your reach. On a hit, the target takes 3d8 poison damage, and the target must make a Constitution saving throw. If they fail, they are poisoned until the start of your next turn. Until the spell ends, you can make the attack again on each of your turns as an action. When you do, you can make a single melee weapon attack as a bonus action.

At Higher Levels. When you cast this spell using a spell slot of 4th level or higher, the damage increases by 1d8 per slot level above 3rd.

Prepared (Druid)

The Compendium of Forgotten Secrets

Tidal Wave

3rd-level conjuration

CASTING TIME 1 action

RANGE 120 feet

DURATION Instantaneous

COMPONENTS V, S, M (a drop of water)

You conjure up a wave of water that crashes down on an area within range. The area can be up to 30 feet long, up to 10 feet wide, and up to 10 feet tall. Each creature in that area must make a Dexterity saving throw. On a failure, a creature takes 4d8 bludgeoning damage and is knocked prone. On a successful save, a creature takes half as much damage and isn't knocked prone. The water then spreads out across the ground in all directions, extinguishing unprotected flames within 30 feet of it, and then it vanishes.

Prepared (Druid)

Xanathar's Guide to Everything

Wall of Water

3rd-level evocation

CASTING TIME 1 action

RANGE 60 feet

DURATION Concentration, up to 10 minutes

COMPONENTS V, S, M (a drop of water)

You conjure up a wall of water on the ground at a point you can see within range. You can make the wall up to 30 feet long, 10 feet high, and 1 foot thick, or you can make a ringed wall up to 20 feet in diameter, 20 feet high, and 1 foot thick. The wall vanishes when the spell ends. The wall's space is difficult terrain.

Any ranged weapon attack that enters the wall's space has disadvantage on the attack roll, and fire damage is halved if the fire effect passes through the wall to reach its target. Spells that deal cold damage that pass through the wall cause the area of the wall they pass through to freeze solid (at least a 5-foot square section is frozen). Each 5-foot-square frozen section has AC 5 and 15 hit points. Reducing a frozen section to 0 hit points destroys it. When a section is destroyed, the wall's water doesn't fill it.

Water Breathing

3rd-level transmutation (ritual)

CASTING TIME 1 action

RANGE 30 feet

DURATION 24 hours

COMPONENTS V, S, M (a short reed or piece of straw)

This spell grants up to ten willing creatures you can see within range the ability to breathe underwater until the spell ends. Affected creatures also retain their normal mode of respiration.

Coast Circle (Druid)

Player's Handbook

Water Walk

3rd-level transmutation (ritual)

CASTING TIME 1 action

RANGE 30 feet

DURATION 1 hour

COMPONENTS V, S, M (a piece of cork)

This spell grants the ability to move across any liquid surface - such as water, acid, mud, snow, quicksand, or lava - as if it were harmless solid ground (creatures crossing molten lava can still take damage from the heat). Up to ten willing creatures you can see within range gain this ability for the duration.

If you target a creature submerged in a liquid, the spell carries the target to the surface of the liquid at a rate of 60 feet per round.

Coast Circle (Druid)

Player's Handbook

Control Water

4th-level transmutation

CASTING TIME 1 action

RANGE 300 feet

DURATION Concentration, up to 10 minutes

COMPONENTS V, S, M (a drop of water and a pinch of dust)

Until the spell ends, you control any freestanding water inside an area you choose that is a cube up to 100 feet on a side. You can choose from any of the following effects when you cast this spell. As an action on your turn, you can repeat the same effect or choose a different one.

Flood. You cause the water level of all standing water in the area to rise by as much as 20 feet. If the area includes a shore, the flooding water spills over onto dry land.

If you choose an area in a large body of water, you instead create a 20-foot tall wave that travels from one side of the area to the other and then crashes down. Any Huge or smaller vehicles in the wave's path are carried with it to the other side. Any Huge or smaller vehicles struck by the wave have a 25 percent chance of capsizing.

The water level remains elevated until the spell ends or you choose a different effect. If this effect produced a wave, the wave repeats on the start of your next turn while the flood effect lasts.

Port Water. You cause water in the area to move apart and create a trench. The trench extends across the spell's area, and the separated water forms a wall to either side. The trench remains until the spell ends or you choose a different effect. The water then slowly fills in the trench over the course of the next round until the normal water level is restored.

Redirect Flow. You cause flowing water in the area to move in a direction you choose, even if the water has to flow over obstacles, up walls, or in other unlikely directions. The water in the area moves as you direct it, but once it moves beyond the spell's area, it resumes its flow based on the terrain conditions. The water continues to move in the direction you chose until the spell ends or you choose a different effect.

Whirlpool. This effect requires a body of water at least 50 feet square and 25 feet deep. You cause a whirlpool to form in the center of the area. The whirlpool forms a vortex that is 5 feet wide at the base, up to 50 feet wide at the top, and 25 feet tall. Any creature or object in the water and within 25 feet of the vortex is pulled 10 feet toward it. A creature can swim away from the vortex by making a Strength (Athletics) check against your spell save DC.

When a creature enters the vortex for the first time on a turn or starts its turn there, it must make a Strength saving throw. On a failed save, the creature takes 2d8 bludgeoning damage and is caught in the vortex until the spell ends. On a successful save, the creature takes half damage, and isn't caught in the vortex. A creature caught in the vortex can use its action to try to swim away from the vortex as described above, but has disadvantage on the Strength (Athletics) check to do so.

The first time each turn that an object enters the vortex, the object takes 2d8 bludgeoning damage this damage occurs each round it remains in the vortex.

Freedom of Movement

4th-level abjuration

CASTING TIME 1 action

RANGE Touch

DURATION 1 hour

COMPONENTS V, S, M (a leather strap, bound around the arm or a similar appendage)

You touch a willing creature. For the duration, the target's movement is unaffected by difficult terrain, and spells and other magical effects can neither reduce the target's speed nor cause the target to be paralyzed or restrained.

The target can also spend 5 feet of movement to automatically escape from nonmagical restraints, such as manacles or a creature that has it grappled. Finally, being underwater imposes no penalties on the target's movement or attacks.

Guardian of Nature

4th-level transmutation

CASTING TIME 1 bonus action

RANGE Self

DURATION Concentration, up to 1 minute

COMPONENTS V

A nature spirit answers your call and transforms you into a powerful guardian. The transformation lasts until the spell ends. You choose one of the following forms to assume: Primal Beast or Great Tree.

Primal Beast. Bestial fur covers your body, your facial features become feral, and you gain the following benefits:

- Your walking speed increases by 10 feet.
- You gain darkvision with a range of 120 feet.
- You make Strength based attack rolls with advantage.
- Your melee weapon attacks deal an extra 1d6 force damage on a hit.

Great Tree. Your skin appears barky, leaves sprout from your hair, and you gain the following benefits:

- You gain 10 temporary hit points.
- You make Constitution saving throws with advantage.
- You make Dexterity- and Wisdom-based attack rolls with advantage.
- While you are on the ground, the ground within 15 feet of you is difficult terrain for your enemies.
